BIG BATTLE IN CUBA

General Weyler's Account of the Engagement.

SPANISH VICTORY, OF COURSE.

Insurgents Lost Three Hundred Killed and Wounded While the Spanish Forces Lost but Six Killed and Fifty-Seven Wounded—Startling Rumors about the Steamer Hawkins.

HAVANA, March 19.—A hot battle between the forces of Colonel Hernandez and the insurgents under Maceo, Banderas and others, is reported from the neighborhood of Candelera in Pinar del Rio. The insurgent loss reported to have been 300 killed and wounded. Of the troops, Captain Torroja Guerrero was killed and Lieutenant Comas wounded. The official report also says that five soldiers were killed and 56 wounded.

The details of the battle are rather meagre. Colonel Suarez Yucan left Las Mangas on Monday. Colonel Hernandez was ordered to march over to Candelera. The march was made in torrents of rain. The insurgents to the number of 4,000 were waiting the advance of the troops on a farm. As they came up at a rapid gallop the insurgents opened fire along an extensive line which had been disposed behind the bushes along the road and parallel to it. This proved a galling and destructive fire and the Battalion of Tarrif in the van guard with a section of the cavalry squadron of Vitoria and the artillery found themselves speedily engaged. Firing then opened on both sides and the insurgents ran. The columns in the rear coming into action, the whole line of troops was involved.

The artillery threw grape shot over the insurgents, who advanced machete in hand. The movement of the insurgents was thus held in check, but new forces coming to their aid, they fell upon the Spanish columns in a fierce attack. This attack also was checked, says the official report, giving the victory to the Spanish troops and terminating the engagement after two hours' fighting with a bayonet charge assisted by a concentrated artillery fire, which dislodged the insurgents, who fled in great numbers. Many columns are now closely pursuing Maceo.

The insurgents have attacked the village of Camanocu, province of Matanzas, but were repulsed with a loss of four killed. In retreating they burned two wharves and their adjoining warehouses, plundered and burned a dry goods store and committed other depredations. Near Bolindron the same band of insurgents burned a railroad bridge and they have destroyed by fire a number of fields at Vista Hermosa, near Sabanilla, and about the village of Guadalupe and the town of Alonso Rojas.

The escort of Esperanza train was fired on. They returned the fire, killing four insurgents.

Maximo Gomez is encamped at the plantation of Morenita, near Guira Melena, in Havana province.

The insurgents have burned the splendid plantation houses and machinery of San Leon.

The important village of San Antonio de Los Vegas has been plundered and burned with the exception of 15 houses.

A report from Colonel Galbis says that his column caused Gomez a loss of 60 men near the River Puma in Matanzas.

Lacret and other insurgent leaders, with a following of 1,500, are encamped on the plantation of Magole Matanzas. General Meleguiz reports fire insurgents killed and an unknown number wounded in a brush near Tapaste.

The governor of Havana has prohibited the editors of newspapers from expressing disaffection toward the government.

ONLY A RUSE TO GET TO CUBA.

The Illustrious Steamer Hawkins Was Not Sunk Off the New Jersey Coast.

NEW YORK, March 19.—The Herald says: The Spanish detectives engaged in keeping watch on the movements of the Cubans in this country are very much exercised over the report that the steamer Hawkins did not sink on the morning of Jan. 28, but that she made her way to the island, landed her cargo and is now laid up at one of the Florida Keys.

The story took two forms. One was that the Hawkins carried a double crew. Both crews were well paid, one to serve till the steamer returned to port, and the other to be discharged in small boats about five miles from the New Jersey coast. The vessel left port Saturday night and by Tuesday night she had gotten no further than Barnegat Point. As any ordinary vessel could make this distance in much less time, suspicion was at once aroused. The detectives argue that the Hawkins was merely crawling along the coast waiting for a storm. The storm broke on Monday night, and on Tuesday morning the crew left the ship in small boats, taking a good many of the passengers with them.

The detectives say that at the time the Cubans knew their intended movements were known to the United States and Spanish authorities in this country. They knew that the cruiser Raleigh and Montgomery, under the command of Admiral Bunce, were watching for them outside, assisted by the revenue cutters Morrill, McLean and Colfax. It was necessary, they say, to take some desperate measures to make it appear that the Hawkins had not gone to Cuba, and this means was adopted.

General Garcia was the only man of

consequence, rescued, and the detectives say that was done in order to allay their suspicions further. Besides, they say Garcia can do more good in this country at the present time than he can in Cuba. Moreover, the detectives say that the Hawkins had on board twice as many men as she could carry to Cuba, and that it was absolutely necessary to dispose of some of them en route.

Another version of the story on which the detectives are working is that the Hawkins is actually at the bottom of the ocean, having been scuttled by the Cubans after her cargo had been transferred to another vessel. They do not take up this theory with any degree of activity, however, as they are inclined to think she actually made her landing in Cuba. They believe she went to the north and east of the island and then made her way to the Florida keys, where she is waiting for an expedition.

EDISON'S CRANK CALLER.

He Walked From Nebraska to Collect a Flirtatious Claim.

NEW YORK, March 19.—Thomas A. Edison had a visit from a remarkable crank at his home in Orange, N. J., last night. He was Bert Budgeon, a young man from Edison, Neb., who says that eight years ago Edison stole from him a patentable discovery, an arc light carbon, and has made money through it. Edison has been deluged with letters from Budgeon for two years. About a year ago the writer sent word he would accept \$100 in cash and call the account settled. Later he drew on Edison at sight, but, needless to say, the drafts were not honored.

Last fall he wrote announcing he was coming to Orange to collect the money in person and requested that sufficient money to pay his fare be forwarded to him. No attention was paid to the letter, but Budgeon himself appeared in West Orange yesterday. He was a wreck. He had walked from Lincoln, Neb., across the continent to Orange to obtain \$100. His hair had not been cut since he started and hung down to his shoulders. His beard had grown and almost hid his face, and his clothes and shoes were almost worn out. He asked to see Mr. Edison, but Secretary Randolph told him to call again. He did so and was arrested. He talked rationally on all subjects save that of his imaginary claim on Edison. Justice Condit advised him to drop the claim against Edison and after considerable persuasion Budgeon agreed to do this. He also promised to go back to Nebraska and was released.

Kicked a Woman to Death.

ST. LOUIS, March 19.—John Jones, who is wanted by Governor Altgeld for kicking Mrs. Susan Mendenhall to death while town marshal at Anna, Ill., last August, has been arrested in St. Louis. Jones gave his name as George Rayburn, and said that he came to St. Louis four days ago with his little daughter, who lives with him. Mrs. Jones claims that her husband came to the city for the express purpose of killing her, and it was at her instigation that he was arrested.

"Special Order" Tailors Strike.

CHICAGO, March 19.—About 1,000 tailors, men, women and girls, struck work yesterday in support of the strike inaugurated some time ago by the clothing cutters and trimmers. Yesterday's strikers are known as "special order" tailors and are employed mainly by contractors who manufacture cheap clothing for custom tailors. They claim that their wages have been reduced until it is practically impossible for them to live on the money received for the work.

Two Negroes Hanged.

HOUSTON, March 19.—At Belleville, Tex., yesterday Clem Strawthor and Buck Chappelle, negroes, were hanged at noon for murder. Chappelle killed Mrs. Dora Ermschoff because she did not hand out her pocketbook quick enough. He died protesting his innocence. Strawthor died with a confession of guilt, his crime being the assassination of a Bohemian actuated by revenge. Both men were strangled, the neck of neither being broken.

Murdered and Robbed.

LINDSAY, Ont., March 19.—James Agnew, living in the west ward of this town, was murdered last night. He went out to feed horses, and not returning as usual, his wife went in search and found at the stable door the dead body of her husband with a bullet hole behind his ear. On the ground beside the body were scattered papers and an empty purse. There is no clue to the perpetrators of the crime.

Engineer Killed.

PARIS, Ky., March 19.—The fast express from Knoxville to Cincinnati was wrecked near Livingston by the engine striking a rock and turning over. John King, the engineer, was killed. He made his first run yesterday. He was from St. Louis. The train was 40 minutes late and was trying to make up lost time.

Officials Not to Blame.

ST. LOUIS, March 19.—The coroner's jury that has been investigating the collision on the Kirkwood electric line, on March 8, in which Robert Aiken, Julius F. Jones and Richard J. Laligan were killed and about 50 people injured, returned a verdict last night, exonerating the officials of the company.

Fires in a Russian Town.

ST. PETERSBURG, March 19.—Three great fires occurred yesterday at Lutch (Lutsek). The cotton factory which was destroyed was alone insured for 800,000 roubles (about \$635,000). The losses sustained were tremendous.

ON TRIAL FOR MURDER

Six Men Charged With Killing Another One.

RESULT OF A DRUNKEN QUARREL

The Fight Occurred at a Quail Shop While Some of the Participants Were on Their Way Home From Church—Governor Matthews Seriously Ill—Various Other Indiana State News.

BRAZIL, Ind., March 19.—George, William, Charles, John and David Cinder and Daniel Miller, indicted for murder, are being tried here. The killing occurred one Sunday evening at Howesville, a small town on the line between this and Greene counties. The accused and John Cahal, with his two sons, had been to church, and en route home all of them stopped at a quail shop, with the exception of the senior Cahal.

Afterward he returned in search of his sons, and one of the Cinders asked him to take a drink. He replied that he had joined church and could not accept. This led to a quarrel and a general fight, in which knives and stones were used. Stephen Cahal, one of the sons, had his skull crushed, and he died a few days later. Two of the Cinder boys were so badly cut that for a time it was thought that they would die.

The defendants were arrested at the time and fined for assault and battery, but the Clay county grand jury took the matter up, and indictments were returned. The accused are all responsible citizens, living in the vicinity of Howesville.

MALTREATED BY TRAMPS.

Disastrous Deeds Perpetrated Upon an Old and Helpless Man.

ECKERTY, Ind., March 19.—The family of Clarence Hammil, living in the vicinity of Branchville, went to church, leaving Mr. Hammil's father, who is 77 years old, in charge of the premises. While the old gentleman was closing the barn doors he discovered three tramps, whom he attempted to drive away.

Thereupon the tramps seized him and stripping off the clothing of his lower limbs, they tied it about his neck, and then sitting him upon a snow-covered log, they used an old knife in cutting off his hair and whiskers, severing it as they would thorns from a bush. The old gentleman had worn his hair and whiskers unshorn for 20 years, and he was proud of his hirsute appendages.

HUSTLED OUT OF A CHURCH.

Sensational Episode at a Funeral Which Might Have Been Worse.

CRAWFORDSVILLE, Ind., March 19.—A sensational episode occurred yesterday afternoon at the funeral of Mrs. Fallon, at Liberty church. Walking into the crowded church came Phil Hank, who is under indictment for causing the death of Grace McClanrock, and who was recently released on bond.

The parents of the murdered girl were present, and when Hank entered they left the church. Immediately members of the Horsethief Detective association took action, and Hank and his mother were quickly hustled outside the building. Had the young man made resistance he would probably have been killed, as the excitement was intense.

A Woman in the Case.

ANDERSON, Ind., March 19.—Edgar W. Farmer, the North Anderson school teacher whose mysterious disappearance caused such a stir, has been located at Atlanta, Ga. He telegraphed from that place to his father that he was coming home and asking forgiveness. He said a letter would explain all. The father and brother left last night for that point to look him up. They fear he is deranged and that he may wander off again. The cause of his disappearance is as much a mystery as ever, but it is whispered now that there is a woman in the case.

Struck a Salt Water Hole.

WABASH, Ind., March 19.—The oil well drilled on the Sutton farm, near Lafontaine, this county, has proved to be a salt water hole at a depth of 1,100 feet, and the result has somewhat dashed the hopes of oil enthusiasts around Lafontaine and in the southern part of the county. There are, however, strong traces of oil in the well, and other wells will be drilled on the land in the southeast corner of the county, and east of Lafontaine, where thousands of acres have been leased.

Governor Matthews Ill.

INDIANAPOLIS, March 19.—Some alarm is felt here among the friends of Governor Matthews, who has been confined to his bed since last Thursday, as the result of a cold which he contracted while acting as one of the pallbearers at the funeral of the late William H. English. The day was very cold and the governor stood with uncovered head during the burial services. His physician has so far been unable to break up the attack, which has developed into an acute form of grip.

E. D. Jacobs Dead.

JEFFERSONVILLE, Ind., March 19.—E. D. Jacobs, a prominent and wealthy farmer of this county, died yesterday of a complication of diseases. The deceased was a well known horseman, and was identified with the Clark County Fair association and with other enterprises of a public nature.

ANOTHER SUSPECT.

American Express Officials Searching For Stolen Money.

ST. LOUIS, March 19.—The officials of the American Express company think they have solved the mystery of the disappearance of \$22,500 out of a package containing \$50,000 that had been shipped by a St. Louis banker to the National bank of the Republic in New Orleans in October, 1893. They have filed two suits in the circuit court. One is an attachment against August Graulich, who as messenger, had charge of the money package after it left this city, for \$22,500 alleged to be in deposit in a safe deposit vault here. The other is a petition for a writ of mandamus to restrain the bank people from allowing Graulich to withdraw the money, alleged to be on deposit there.

If any money belonging to Graulich is found to be in the vaults in such sums as to cause suspicion that it came from the robbery three years ago, Mr. Withey, the company's attorney, says the company intends to prosecute Mr. Graulich criminally for the theft. If no money is found, then the case will fall through. A. K. Garney of New Orleans was originally charged with the theft, but was acquitted after a long trial.

THEIR ONWARD MARCH.

The Dervishes Within Two Hours of the Town of Cassala.

ROME, March 19.—The Popolo Romano has a dispatch from Massowa, which says that the Dervishes are within two hours of Cassala, and are awaiting Osman Digna's arrival before attacking.

There is also a rumor that the Italians have evacuated Cassala. If this news proves true the enemy will probably carry the war into the territory still held by the Italians.

Communications with Adigrat have been cut off. General Baldissera's endeavors to restore negotiations with the Abyssinian Negus Menelik continue.

Cyclone in Texas.

BEAUMONT, Tex., March 19.—Yesterday morning a cyclonic wind swept down three miles from here and turned the house of George Geldarm bottom up, completely wrecking it. Mrs. Geldarm was knocked senseless and one of her children hurt. The residences of Joe Beghter and C. E. Hildebrand were blown from their foundations. The wind then seemed to leave the earth, but two miles eastward dipped down again, overturning a schoolhouse and wrecking John Holmes' house. The storm then skipped toward Louisiana.

Coliseum Strike Settled.

CHICAGO, March 19.—The stonecutters' strike on the Coliseum has been settled and the building will now without question be ready for use far ahead of the date set for the Democratic national convention. A meeting was held yesterday afternoon between representatives of the strikers, the contractors and Colonel Dickinson, president of the Coliseum company and after some concessions on both sides, the entire matter was adjusted and the men agreed to go to work.

Striking Girls Still Out.

WALTHAM, Mass., March 19.—The strike situation among the girls at the Waltham watch factory is still on. It is now stated that the increasing depression in the watch trade makes possible a shutdown of the factory, affecting 2,500 employees in the near future. To afford temporary relief, a large number of employees in different departments are being given short vacations.

Yellow Fever Spreading in Brazil.

NEW YORK, March 19.—The Herald correspondent in Rio Janeiro telegraphs that yellow fever is again spreading throughout the city at an alarming rate. One hundred new cases were reported yesterday. The scourge reappeared on the Italian cruiser Lombardie and it was resolved to send her to sea. The vessel started for the Cape Verde islands.

Ex-Congressman Holman's Wife Dead.

WASHINGTON, March 19.—Mrs. Abigail Knapp Holman, the wife of ex-Representative William S. Holman from Indiana, died here suddenly last night. Mr. Holman was with her at the time. The remains will be taken to Aurora, Ind., for interment. The family were spending the winter here on account of the feeble condition of Mrs. Holman.

Relief For Armenians.

NEW YORK, March 19.—The following was yesterday received from the international Armenian relief committee at Constantinople: "All our available funds exhausted, 13 distributing centers calling for help, people perishing, what shall we answer?" and in response the national Armenian relief committee forwarded by cable \$10,000.

Steel Steamer Launched.

PHILADELPHIA, March 19.—The steel steamer Atlanta, of the Southern Railway company, was launched at Crump's shipyard yesterday. Miss Ida Glenn, daughter of ex-Mayor Glenn of Atlanta, broke the traditional bottle of champagne and gave the vessel the baptismal name.

Latest From Jamaica.

NEW YORK, March 19.—A dispatch to The World from Kingston says: A British warship has been sent to intercept the steamer Bermuda, which, it is alleged, intends to embark an expedition here.

POWDER EXPLOSION

Part of the Mills at Rifton, N. Y., Destroyed.

FIVE MEN INSTANTLY KILLED.

A Score of Others Slightly Hurt—Thirty Thousand Pounds of Powder Destroyed. Fire Follows the Explosion Doing Still Greater Damage. The Entire Surrounding Village Badly Shaken.

KINGSTON, N. Y., March 19.—A terrible explosion occurred at the Latting-Rand powder mill at Rifton yesterday. Rifton is about six miles from this city, and yet the force of the explosion, which was closely followed by a second explosion, was plainly felt here. Five men were blown to pieces and it was with difficulty that their identification of the missing could be arrived at. The five men killed were: Elias Peterson, John Jones, Emory Decker, Norman Decker and Solomon Smalley.

About 50 men were employed at the mill, and many of them were hurt.

It was a few minutes after 11 o'clock when the calamity occurred. The glazier and dry house went up, shattered to atoms with the terrible force of the explosion. Only five men were engaged at work in that department and those were the five who were killed. What caused the explosion will never be known. Almost immediately an adjoining building took fire and it too was blown to pieces. The terrified workmen tried to reach places of safety, but many of them were struck by flying embers. The entire surrounding village was shaken on its foundation; all the windows for miles around were broken and the buildings close to the powder mills tottered as though they too would fall.

The scene was one of great excitement, and to add to the disorder the buildings adjoining those which had been wrecked caught fire. These were badly damaged before the fire could be extinguished. In all 30,000 pounds of powder were destroyed and the loss to company is placed at \$30,000.

Of the men killed, all were married, except Norman Decker. Their bodies were frightfully mutilated, portions of them being scattered among the debris far from the scene of the explosion.

FIEND LAUGHLIN'S CASE STAYED.

He Will Remain in Maysville Jail Until the July Term of Court.

MAYSVILLE, Ky., March 19.—At a late hour yesterday afternoon the Bracken circuit court decided to carry Robert Laughlin's case to the July term of court at Brooksville. Judge Harbeson allowing the attorneys to waive appearance by presenting the affidavits and granted the continuance.

Marshal Sayers of Augusta came here with the intention of taking Laughlin to Brooksville but changed his mind, as it probably would have been unsafe, as the Jones family had heard of Sayers' coming up here after Laughlin and they attended court at Brooksville yesterday. The authorities in changing the program acted wisely in countermarching the order. Laughlin is in high glee over securing the continuance, as he was anxious to waive his appearance, and will remain in the Maysville jail until the July term of court.

Bank Cashier Arrested.

COLUMBUS, O., March 19.—John A. Kight, cashier of the Fifth Avenue Savings bank, was arrested yesterday and charged with having embezzled \$50,000. The arrest was made at the instance of certain stockholders who became dissatisfied with the delay in the settlement of the question as to how the bank came to fail. The books were being examined to discover that point when the arrest was made. Kight has always claimed that the fault was with the old Farmers' bank whose business the savings bank inherited.

Compress Mills Burned.

SPOKANE, Wash., March 19.—Fire early yesterday morning destroyed the compressor mills of the Poonman and Tiger mines at Burke, Id., entailing a loss of \$200,000, fully insured. For a time the flames threatened to destroy the whole town. It will be the means of closing down these mines for six months.

Cooper Shop Burned.

PEORIA, Ill., March 19.—Madigan, Welsh & Company's cooper shop was burned last night. Loss, \$40,000. About the same time there was a number of other threatening blazes, probably the results of incendiarism. The Madigan-Welsh fire proved, however, to be the only one involving much loss.

A cut of Boss Bradley at the head of a company of State Guards would also make an appropriate party emblem for Kentucky Republicans.

LEXINGTON Republicans are tickled over the move by the Bradleyites to take the State convention to Louisville. They don't want it at Lexington.

GOVERNOR BRADLEY, the Dictator, met a crowd of his friends at Louisville last night to confer about his Presidential "boom." They will have hard work to discover any boom for the boss for President.

BUT three bills of any importance were passed by the late Legislature. They are the Thorne "Private Brand" bill, the Bronston School of Reform bill and the Hiles compulsory educational bill. Great record, and all at the expense of about \$100,000.

Before some prominent Republicans dared ask the State Central Committee to change the place of their State convention they went to Boss Bradley and "asked his consent" to do so. What a spectacle! Are the Republicans of Kentucky Bradley's slaves?

A DISPATCH says: "It has been settled that Louisville will get the Republican State convention, which has been called for April 15. The members of the State Central Committee petitioned to change the place of the convention have agreed to do so." The dispatch should have added, "with the consent of Governor Bradley." Republicans had to get his "consent" to petition for the change.

COMMENTS OF THE PRESS

On Governor Bradley's Action In Calling Out the State Troops.

Danville Advocate: "The Governor's action in calling out the State guards is severely condemned by the good citizens of Franklin who realize that his course is a plain declaration of the inefficiency of the civil authorities and therefore a reflection upon themselves. It is hoped that the situation did not warrant the action of the Governor, as it will be far better for the reputation of the State if its Chief Executive has acted purely from partisan motives than if he was actuated by a condition of affairs that demanded interference for the preservation of order."

Lexington Herald: "The person or persons who gave the Governor the alleged information which frightened him into calling out the militia, fully deserves the 'roast' which is coming to him from all sides. And yet the Democrats have to thank him for the most serviceable bit of campaign buncombe."

Covington Commonwealth: "The call to arms by Governor Bradley is an act most dangerous and revolutionary and calls for his impeachment. Before exhausting the means provided in the constitution, before the civil authorities have been called upon and failed or were unable to apply the remedies of the civil law the Governor of Kentucky has called upon the military under his command, ostensibly to preserve a peace which has not been broken, to coerce a co-ordinate branch of the State government, his equal in dignity and in jurisdiction and engaged in the discharge of its duties."

Kentucky's lesson has been severe; the call to arms in the time of peace; the substitution of military rule for the civil authorities, and a regiment camped on State House Square where there is neither riot nor unlawful assemblage will illustrate what Kentucky did in her folly last November; members of the Senate and the House and the officers of the Senate and the House entering the State Capitol at the permission of the military by order of the first Republican Governor of Kentucky, the Burbridge of an era of peace, calls for a protest and for action, prompt, sharp and decisive. If Kentucky is to be governed and her Senators elected under military rule, the sooner it is known the better."

Lexington Herald: "Between his journalistic henchmen, Walter Forrester and D. Elliott Kelly, Governor Bradley is finding himself between the devil and the deep sea."

It May Do As Much For You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. A. J. James Wood's drug store.

COMPULSORY EDUCATION.

The New Law Only Needs the Governor's Signature to Become Effective—Its Provisions.

Probably the most important bill that passed the Legislature last session is the compulsory education bill, which was drawn and fought through both branches of the General Assembly by Hon. J. B. Hiles, Representative from Bracken County. He devoted a greater part of his time to working for this bill and his efforts have been at last crowned with success, unless the Governor shall see fit to veto it. The following is a copy of the bill in full, and it will be read with interest by every parent in the State of Kentucky:

Be it enacted by the General Assembly of the Commonwealth of Kentucky: Sec. 1. That every parent, guardian or other person in the State of Kentucky, having the control of any child or children between the ages of (7) seven and (14) fourteen years, shall be required to send such child or children, annually, at least eight (8) weeks, which attendance shall be consecutive, to some public or private day or night school for children: Provided, however, that this act shall not apply in any case where the child has been or is being taught at home in such branches as are taught in public schools for a like period of time and subject to the same examinations as other pupils of the district or city in which the child resides, or whose physical or mental condition renders his or her attendance impracticable, or who is excused by the Trustees of the public school district, or the Board of Education of the city in which the parent, guardian or person having control resides, upon its being shown to their satisfaction that the parent, guardian or person having control was not able, by reason of poverty, to clothe such child properly, or that he or she has already acquired the ordinary branches required by law, or that there is no colored school, in the case of colored children, taught within two (2) miles by the nearest traveled road.

Sec. 2. Any parent, guardian or other person failing to comply with the provisions of this act shall forfeit to the use of the schools in the city, town or common school district in which such child resides, a sum not less than five dollars (\$5) nor more than twenty dollars (\$20) for the first offense, nor less than ten dollars (\$10) nor more than fifty dollars (\$50) for the second and every subsequent offense, and costs of suit.

Sec. 3. It shall be the duty of any School Trustee or President of the Board of Education to inquire into all causes of complaint and neglect of duty prescribed in this act, and he shall notify in writing the parent, guardian or other person so offending that such complaint has been made, and if the cause be not shown within five (5) days, to at once proceed against the responsible persons as is hereby provided; and any School Trustee or President of the Board of Education neglecting to undertake such prosecution in good faith for such offense, within ten (10) days after a written notice has been served on him by any taxpayer in said district or city, unless the person so complained of shall be excused by the District or City Board or Board of Education for the reason hereinafter stated, shall forfeit to the public schools in the city, town or common school district in which said Trustee or President of the Board of Education resides, a sum not less than ten dollars (\$10) nor more than fifty dollars (\$50).

Sec. 4. Any person having control of a child, who, with intent to evade the provisions of this act, shall make a wilfully false statement concerning the age of such child, or the time such child has attended school, shall forfeit for each offense a sum not less than five (\$5) nor more than twenty (\$20) dollars, for the use of public schools for such city, town or district.

Sec. 5. Any fine or penalty mentioned in this act may be sued for and recovered before any Court of Record or Justice of the Peace of the proper county, in the name of the Commonwealth of Kentucky, for the use of the public schools of the city, town or district in which said child resides.

Sec. 6. That upon the trial of any offense as charged herein, if upon such trial it shall be determined that such prosecution was malicious, then the costs in such case shall be adjudged against the complainant, and collected as fines in other cases.

Sec. 7. The conditions and provisions of this act shall apply to any parent, guardian or person having control of any colored child or children, in like manner as in Sections 1, 2, 3, 4, 5 and 6; but no white child shall be permitted to attend or become a pupil in any school for colored children, and no colored child shall be permitted to attend or become a pupil in any school for white children.

MAX O'RELL will lecture at the opera house Wednesday night, April 1st, on "Her Royal Highness, Woman." The New York Herald says: "This witty Frenchman, both as a writer and as a 'reconteur,' invariably proves the most brilliant humorist and satirist of the age. To reproduce Max O'Rell's movements, gestures and delivery during his inimitable 'comedy lectures' would be impossible."

SEEMS as if consumption always picks out the brightest and best. Fully one-sixth of all the deaths that occur in the world are caused by consumption. Many things were once considered impossible. It would be strange if medical science did not make some progress. The telegraph and telephone, the photograph, the electric light—all were once impossible, and once it was impossible to cure consumption. This was before the time of Dr. Pierce's Golden Medical Discovery. Taken according to directions, this standard remedy will cure 98 per cent. of all cases of consumption. Consumption is caused and fostered by impurity in the blood. It is cured by purity and richness in the blood—surely, certainly cured by the "Medical Discovery." It builds up solid healthy flesh and vigorous strength.

Dr. Pierce's Common Sense Medical Adviser, a 300s page medical work, profusely illustrated, will be sent free on receipt of 21 one-cent stamps to cover postage only. Address, World's Dispensary Medical Association, Buffalo, N. Y.

Gloom

Of ill health, despondency and despair, gives way to the sunshine of hope, happiness and health, upon taking Hood's Sarsaparilla, because it gives renewed life and vitality to the blood, and through nerve strength and energy body. Read this letter: "Hood's Sarsaparilla helped me wonderfully, changed sickness to health, gloom to sunshine. No pen can describe what I suffered. I was deathly sick, had sick headaches every few days and those terrible tired, despondent feelings, with heart troubles so that I could not go up and

down stairs without clasping my hand over my heart and resting. In fact, it would almost take my breath away. I suffered so I did not care to live, yet I had much to live for. There is no pleasure in life if deprived of health, for life becomes a burden. Hood's Sarsaparilla does far more than advertised. After taking one bottle, it is sufficient to recommend itself." Lace Curtains are now of special interest. Our new ones have arrived and everyone says they are the handsomest designs we ever had. We want all prospective Curtain buyers to see them before this choice are gone. You can buy a neat pair for \$1, very pretty ones for \$1.25 and real beauties at \$2.50.

About Mattings.—The best Eastern agents came to us and we bought the choicest numbers of their collection. And then we have a man to put them down who knows just how. We have the new shades of green and blue. Red of course has a place in the collection and a big variety of the popular tan combinations. The prices are exactly right, beginning with 10 and 12½, ending with 37½, beside all the intermediate numbers.

Carpets.—Carpet-buying time is here, and the dollars saved for new carpets should go where they will do most good. There is lots of trash sold under the guise of good carpets nowadays and the buyer is none the wiser until the wear begins. We don't insult your intelligence by showing cotton mixtures for all wool. Won't you let us prove to you how competent we are to sell you good carpetings?

Gold Belts—those pretty ones you hear so much about. Have them in several styles. Wear one with an old dress and it will tone it up wonderfully, or put it on with a new gown and you are in the height of fashion. The supply won't linger long when we say they are priced at 25c.

Ribbons.—If you are ready to start spring dressmaking we are also ready with the proper trimmings. The new printed warp ribbons, Orientals and a half dozen other styles compete for your attention, and there's all the more reason for your giving it when prices run like these: Warp Prints, 25, Orientals, 35, Plaids, 50c.

Dress Garnitures are open and the newest spring trimmings can be seen as early as you wish. Not a hint of their beauty here, only it is safe to say they will surprise you. Come early. The showing costs you nothing and is a pleasure to us. The procession starts with pretty trimming for 10 a yard.

Lace Collars.—Stylish and new and marked for quick selling. They will make the old waists do for many a week and save their cost in the economy. We offer beauties for 75.

DEATH OF E. E. PEARCE.

Flemingsburg Loses One of Her Wealthiest and Most Prominent Citizens.

Mr. E. E. Pearce, of Flemingsburg, died yesterday afternoon at 2 o'clock at the family residence in that city. His health had been failing some time. Two or three weeks ago he suffered a stroke of paralysis which finally terminated fatally.

Mr. Pearce was born near Poplar Plains August 3rd, 1822, and was consequently in the seventy-fourth year of his age. He was a man of splendid business capacity and was probably the wealthiest citizen of Fleming County. For years he had been at the head of the banking firm of Pearce, Fant & Co., Fleming County's leading financial institution, and one of the strongest in Northern Kentucky. He was a tower of strength to the business community and his loss to Flemingsburg is a heavy one, coming as it does at this time.

Deceased married a daughter of James P. Fant. She, with three sons and one daughter, survives him. He leaves many relatives and a large circle of friends in this city and county.

The funeral will occur to-morrow afternoon at 1 o'clock.

River News.

The Stanley is to-night's packet for Kanawha river.

The Wells is still in the Maysville and Portsmouth trade.

The Keystone State passed down at 5 a. m. and will return to-night for Pittsburgh.

The boom in the Coal river broke night before last and 25,000 or more logs went out into the Kanawha and Ohio rivers. It is a big loss. Some 60,000 logs were saved.

The heavy rain set in yesterday at noon continued until this morning, when it turned to snow. The snow on the ground yesterday had about all disappeared.

Campaign Expenses.

The Ohio Legislature has passed a bill limiting the amount of money a candidate for an office can spend in a campaign and requiring a report from each candidate of the amount of the expenses, and it became a law. A candidate may spend \$100 for a population of 5,000, and \$1.50 for each 100 voters over 5,000 and under 25,000; no additional sum being permitted for a population greater than 25,000. The penalty for violation is a \$1,000 fine, to be collected by suit by the Attorney General, and the withholding of the candidate's commission, in case he is elected.

Notice.

Let every man and woman than can go down in their pocket and buy a ticket of the children. If they don't see the children go to Nelson's; 35 cents is not very much to you and it will make many a desolate home in Maysville glad. Encourage the children. Take a ticket. If you can't go, give it to somebody that can.

Ed. Wilson, colored, for a breach of the peace, was taxed \$3 and costs, amounting to \$11.75, by Squire Bramel. Wilson struck a woman.

THE LATE DR. PECK.

Helena Lodge No. 321, I. O. O. F., Pays a Deserved Tribute to Deceased.

Helena Lodge No. 321, I. O. O. F., pays a deserved tribute to the late Dr. D. D. Peck in the following resolutions:

HALL OF HELENA LODGE NO. 321, I. O. O. F., HELENA, KY., March 17, 1896.

WHEREAS, D. D. Peck, whose ways are past finding out, in his manifold wisdom has taken from our midst our worthy brother and friend Dr. D. D. Peck, for which loss we bow our heads in grief; but "Thy will be done." Therefore, be it

Resolved, That in the death of brother D. D. Peck in the early prime of life, the community in which he lived has suffered an irreparable loss, inasmuch as he was a man of uncompromising integrity, possessing in a high degree that rare merit in men—moral courage; he was kind, obliging, charitable; he was public spirited, ever ready to give his time and untiring energy for the public good and interest of all; he was a Christian gentleman worthy of imitation by every man.

Resolved, That the lodge extends its profoundest sympathy to the bereaved wife and helpless children of our deceased brother to whom he was ever kind, dutiful, loving; an indulgent husband and father, ever thoughtful of their present comforts and happiness and future welfare.

Resolved, That in the departure of our brother from our midst, our lodge loses its most zealous member who may properly be called the father of our beloved order here, and to whose honor the hall in which we meet stands as a living monument of his untiring efforts for the promotion of Oddfellowship, which order he dearly loved, and he ever exemplified its teachings, friendship, love and truth, in his daily walks in life.

Resolved, That to the many sorrowing friends and relatives we join in sympathy.

Resolved, That we tender our thanks to neighboring lodges who assisted in the funeral, and that a copy of these resolutions be spread on the minutes of the lodge, a copy to be presented both to the widow and mother of the deceased and a copy sent to the press for publication.

OFFICERS' DUTIES DEFINED.

What the Supreme Court of Ohio Says on This Important Subject.

The Supreme Court of the State of Ohio has recently made the following decision of interest to Marshals and other officials: "Where a breach of the peace is committed in the presence of an officer of an incorporated village or city, he may, without warrant, arrest the persons who participate therein.

"If, however, the officer was absent when such offense was committed, and did not appear there until the affray had ended, public order restored and the guilty parties had departed from the vicinity, and all the information the officer had of the affray and of the parties to it was the statements of bystanders who witnessed it, he has no authority in law to pursue and arrest the person charged with the offense without first obtaining a legal warrant therefor."

G. A. V. UNIFORMS.

Commander and Mrs. Ballington Booth Have Selected Them.

NEW YORK, March 19.—The uniforms to be worn by God's American Volunteers has been decided upon by Commander and Mrs. Ballington Booth.

The dresses of the women will be made of seal brown cashmere. The skirt will be perfectly plain, of such a length that it will just clear the ground. The waist of the uniform will be a tight-fitting Norfolk jacket with three box pleats down the front and three down the back. The headgear of the women will be a poke bonnet. As compared with the Salvation Army bonnets they are open behind, and they do not cover the ears. The poke is also narrower. The style for spring and summer will be brown straw, trimmed with brown satin ribbon.

The men's uniform will be almost exactly like that of the United States army. The trousers will be light blue and the blouse dark blue. The blouses of the officers will have standing collars. The collars of the privates' blouses will be like the collars of ordinary coats. Upon the collars will be embroidered the letters "G. A. V." A slouch hat for the officers and a fatigue cap for the soldiers have been talked of, but not decided upon.

CAUGHT DEAD TO RIGHTS.

A Man and His Wife Arrested for Counterfeiting.

St. JOSEPH, Mo., March 19.—The United States authorities here have arrested W. L. Pease and his wife, charging them with counterfeiting. Pease was arrested at the Burlington freight office, where he appeared to claim a box shipped from Omaha to "William Herb."

This box was seized and opened. It proved to contain a quantity of tools and paraphernalia for the moulding of metal and half a bushel of spurious dollars and half dollar pieces. The counterfeiters are very clever imitations of the genuine coins. Pease's wife was arrested at a boardinghouse, and there, too, the officers found a quantity of the counterfeit money.

Two of their accomplices, one known as W. L. Herb, and another whose identity is unknown, succeeded in making their escape through the rear door of the house. Mrs. Pease made a confession stating that the men had made the coins in Omaha and that a considerable amount of the stuff had been passed there.

She says her home is in Chicago and that the gang have also passed much of the spurious coin there. Pease is 32 years of age, well dressed and of fine appearance. He claims to be a nephew to John C. Clay of Plattsburg and Tom Gordon of Liberty, both well known Missouri bankers.

CUBAN DEBATE LAID A DE.

A Number of Bills Passed by the Senate.

House Proceedings.

WASHINGTON, March 19.—Owing to the indisposition of Mr. Mill's (Dem., Tex.) who had the floor on the subject, the Cuban debate was not continued yesterday. An animated controversy arose over the resolution of Mr. Cannon (Rep., Utah) directing Secretary Smith, to execute the law for the public opening of the Uncompahgre Indian reservation, Utah. Mr. Cannon said 2,000,000 acres

were involved and he wished this mandatory resolution to overcome the delays of the secretary of the interior. This subject was discussed until 2 o'clock when it was temporarily laid aside and the Dupont case taken up. Mr. Thurston, addressing the senate in behalf of Mr. Dupont.

The following bills were passed: One for the relief of settlers in the Northern Pacific railroad indemnity lands in Minnesota; amending the law as to fees and costs in circuit courts of appeals; amending the practice as to habeas corpus cases in circuit courts of appeals; for the reconstruction of Rock Island bridge; authorizing the secretary of war to issue Springfield rifles to state troops in exchange for an equal number of old arms; authorizing the Rock Island, Muscatine and Southwestern Railway company to build a bridge across the Illinois and Mississippi canal; authorizing the leasing of lands for educational purposes in Arizona; authorizing the secretary of the navy to purchase lands opposite the Gasport navy yard at a cost not exceeding \$100,000; fixing the salaries of the justice and justices of the court of claims at \$6,500 and \$6,000, respectively; amending the net relating to Choctaw Coal and Railway company; providing for the disposition of certain property now in the hands of the receiver of the Church of Jesus Christ of Latter Day Saints; granting to California 5 per cent of the proceeds of the sales of public lands in that state; authorizing the committee on Indian affairs to visit Indian reservations, schools, etc.

At 5:50 p. m. the senate went into executive session and shortly afterward adjourned.

House Proceedings.

WASHINGTON, March 19.—The house yesterday entered upon the consideration of the resolutions censuring Mr. Bayard for speeches delivered by him before the grammar school at Boston, Eng., and before the Edinburgh (Scotland) philosophical institution last fall. Mr. Hitt, chairman of the foreign affairs committee, and Mr. McCreary, who was chairman of the committee in the last congress, opened respectively for and against the resolutions. Mr. Cousins' speech in support of the resolutions was the feature of the proceedings. He won for himself high distinction as an orator. His bursts of eloquence, set off by a keen and penetrating wit, aroused the house and the galleries to unbounded enthusiasm. Mr. Dinsmore (Dem., Ark.) who was minister to Corea during the former Cleveland administration, in closing the debate for the day defended the utterances of Mr. Bayard as to the effect of protection and to the great delight of the Democrats read extracts from Senator Chandler's interview alleging that the McKinley boomers were levying on the protected industries.

Hints For the Housewife.

[Exchange.]

If a small piece of bread is put upon the point of the knife while peeling and cutting onions it will prevent the tears from flowing.

Lemons can be kept fresh and good a long time by putting them in an open stone crock and covering them with cold water. The water should be changed twice a week. Lemons treated in this way will become ripe and juicy.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

BAD TIMES?

Well, we should say so. Those Clocks and Watches are too badly out of fix to be of any use. They are lost their time entirely. You'll lose your time, too, if you're not provided with good Clocks and watches. We have a full supply of both, all accurate time-keepers and in perfect order. Better Watches than ours are not manufactured. Whatever the price of any watch we carry, it's the best of its kind and a full value. Get a timepiece; get the best; get ours.
